Well we updated our as well!. Jan 4, 2009 - Well, due to the abundance of Zombie/Multiplayer mods/maps being (If you don't have one, make one in your COD:WAW program folder).

You can also share beta links, once we move out we simply redirect the links to the correct site Before we dive into the major changes, let's talk about you and your privacy first! GDPR! Your privacy You probably received dozens of emails about changes and such.. This also effects some forum settings and statistics like total forum user count and such.. Vanossgaming Waw Custom Zombie Maps Please note: Your user settings won't be carried over, so beta and non beta (production) won't share the same settings.
